

### MEM Focus Area Form

MEM Students have the option to target their studies toward a specific field of interest. Students who complete three electives (at least 2.5 course credits) in one of the focus areas and receive a P or HP for their ENGG 390 project in that same area will be awarded a certificate of completion upon graduation from the MEM program.

*Please check one*

Energy and the Environment	<input type="checkbox"/>
Entrepreneurship	<input type="checkbox"/>
Healthcare Systems	<input type="checkbox"/>
Management of Design	<input type="checkbox"/>
Manufacturing and Operations	<input type="checkbox"/>

Please list at least two and a half credits that are part of your MEM Focus Area:  
*mini courses can be listed, and should be noted as "mini"*
