The Fine Print:

The hall is relatively small, so we limit the number of dancers to 96. A lottery will be held on August 15 if the number of applications exceeds 96. Some preference will be given to local dancers. Confirmation and an information packet will be sent by late August, or you will be notified that you are on the waiting list. Applications must be accompanied by full payment. We will refund 80% of your payment for cancellations received before September 16, but cannot provide any refund for cancellations after that date.

Limited financial assistance is available. Please check the box on the application to request consideration for financial assistance (do not enclose payment). Someone from the Ball Committee will contact you. We welcome donations to the Strafford Ball financial support fund.
