THAYER SCHOOL OF ENGINEERING
at Dartmouth
RECRUITING STUDENTS

What Dartmouth engineers bring to you

- Real-world problem-solving experience
- Well-developed communication skills
- Leadership and teamwork experience
- Experience working across engineering disciplines
- Broad knowledge gained from the liberal arts
- Technical depth

How we prepare Dartmouth engineers to excel in a changing world

- Single, unified department of engineering sciences exposes students to all areas of engineering and cross-disciplinary problem-solving
- Project-based curriculum
- Entrepreneurial training at all degree levels
- Engineering majors study the full range of liberal arts (for a BA); most additionally earn an ABET-accredited Bachelor of Engineering degree (BE, equivalent to a BS)
- Master of Engineering Management (MEM) program, co-taught with Tuck School of Business, produces managers who understand both the engineering and business aspects of technology
- MS and PhD programs produce leaders with broad knowledge and deep technical skills who are ready to innovate in industry, from start-ups to large corporations
